

Global Superstore – Return and Refund Policy

Overview

Global Superstore accepts returns on most items purchased through our Consumer, Corporate, and Home Office sales channels. This policy applies across all markets: United States, Canada, LATAM, EU, EMEA, Africa, and APAC, with regional exceptions noted below.

Return Window by Category

- **Technology** (Phones, Copiers, Machines, Accessories): 30 days from delivery date, unopened or in original condition with all accessories.
- **Furniture** (Bookcases, Chairs, Tables, Furnishings): 15 days from delivery date. Item must be unassembled or returned in resalable condition. A 15% restocking fee applies to assembled furniture returns.

- **Office Supplies** (Paper, Binders, Storage, Art, Envelopes, Fasteners, Labels, Supplies): 60 days from delivery date. Consumable items (e.g., opened paper reams, used binders) are not eligible for return.

Condition Requirements

Items must be returned with original packaging and proof of purchase (Order ID). Items marked as damaged on arrival are exempt from restocking fees and should be reported within 48 hours of the delivery date logged in the order record.

Refund Method and Timeline

- Refunds are issued to the original payment method.
- Standard processing time is 5–7 business days after the returned item is received at the originating regional warehouse.
- For orders shipped via Same Day or First Class, refunds are expedited and processed within 3 business days of receipt.

Segment-Specific Terms

- **Consumer:** Standard return window and restocking fees apply as listed above.
- **Corporate:** Bulk orders (10+ units of the same Product ID) require a Return Merchandise Authorization (RMA) number before shipment back to the warehouse.
- **Home Office:** Eligible for an extended 45-day return window on Technology purchases only, to account for longer evaluation cycles for home business equipment.

Non-Returnable Items

- Items discounted more than 40% (final sale) unless defective.
- Custom or made-to-order Furniture items.
- Products explicitly marked "Non-Returnable" in the Product Name or category notes.

Regional Exceptions

- **EU and EMEA markets:** Consumers retain a statutory 14-day cooling-off period regardless of category, per regional distance-selling regulations, in addition to the category windows above.
- **APAC market:** Returns for orders shipped via Standard Class may take an additional 5–7

business days to process due to regional warehouse consolidation.

How to Initiate a Return

Customers or account managers can initiate a return by referencing the Order ID and Product ID in the support system. Returns without a valid Order ID cannot be processed.
